

HC Cascades Campus Fall 2023 Offerings

Important Information:

The Honors Contract Option: allows students the opportunity to earn honors credits by engaging more deeply in a general enrollment course that is not available in an honors format. For information about the Honors Contract option, please contact an Honors College advisor at uhcadvisor@oregonstate.edu or Pat Ball at Pat.Ball@osucascades.edu.

Ecampus honors sections: OSU-Cascades honors students are also able to register for Ecampus honors sections. To see the Ecampus honors course & colloquium offerings, view the HC Ecampus schedule and course descriptions at <https://beav.es/SRY>.

- **Tuition rates for Ecampus courses are different than on-campus courses and can be found at** <https://ecampus.oregonstate.edu/services/tuition/>.
- Registration for honors Ecampus offerings is limited to Ecampus and Cascades honors students during Phase 1 of registration, then will be opened to Corvallis honors students when Phase 2 begins.

Add/Drop Deadlines: Add/Drop deadlines for courses that take place in pre-term extension periods, weeks 1-5, or weeks 6-10 are different from the add/drop deadlines for courses that take place over the entire term. See the academic calendars for more information about the add/drop deadlines:

- Add/Drop Deadlines for regular courses that take place over the entire term: <https://registrar.oregonstate.edu/osu-academic-calendar/>
- Add/Drop Deadlines for “Non-traditional courses,” like courses that take place in the pre-term extension period, weeks 1-5, or weeks 6-10: <https://registrar.oregonstate.edu/non-traditional-course-academic-calendar>

Looking for classes in the OSU class schedule? Add an asterisk (*) to your search term to make sure the results will include any scheduled honors sections of what you’re searching for.

The screenshot shows the OSU class search interface. On the left, the 'Search Classes' panel has a search box containing 'COMM 111*' with a yellow arrow pointing to the asterisk. Below the search box is a dropdown menu set to 'Fall 2023'. On the right, the 'Search Results' panel shows two results. The first result is 'COMM 111HZ PUBLIC SPEAKING' with a red starburst graphic around the 'HZ' and asterisk. The second result is 'COMM 111Z *PUBLIC SPEAKING' with a red starburst graphic around the asterisk.

Fall 2023 Cascades HC Colloquia

HC 407 ***Pandemics and Politics*** 1 HC Credit(s)

CRN: 19651 Section 502 SEM W 900 - 950

Instructor(s): Bruce Seal

During the course we will explore the history and political impacts of various pandemic diseases on human societies. Those diseases can be afflictions of humans, animals, plants, or insects that have had or have an economic or social impact on human societies. Students will determine if politics has, had, or continues to play roles in how various societies deal with economically and socially important pandemic diseases. This will entail learning basic biology of various diseases, their agents or causes, disease detection and how we as humans work towards controlling or alleviating disease states. Finally, what are or were the politics, economic and social issues, involved with pandemic diseases studied in class and do these factors continue to play a role in human societies today. **Graded: P/N. Satisfies: HC Colloquia**

Instructor(s): Samantha Chisholm Hatfield

The goal of this course is to understand Traditional Ecological Knowledge (TEK) and sustainability practices from a Native American perspective, focusing on the Pacific Northwest but also addressing other Tribes nationally. The emphasis will be on techniques the Siletz have implemented and continue utilizing, but we will also incorporate other techniques from tribal perspectives in local and national areas, as well as how these utilizations coincide with agencies on local, state, and federal levels. This class will focus on how state and federal guidelines, laws, and regulations affect and implement tribal policies and tribal members. This course promotes TEK as a viable sustainability technique and teaches students and community members about further understanding TEK, in cooperation through agencies and policies such as treaties and NAGPRA on Indigenous lands, traditional areas, and cultural practices **This is an Ecampus course. Help make the world a little better by checking your own misconceptions! Each week we will choose a different area of knowledge (cooking, literature, science, religion, history, and more) and investigate common misconceptions. We will draw from several sources, including the Wikipedia list but also from sources like Lies My Teacher Told Me or even The Structure of Scientific Revolutions. Students will have the opportunity to make predictions, do their own myth-busting, and survey friends to find out how common a mistaken belief is. Students should come to this class ready to joyfully delve into something we thought we knew- and be willing to learn that what we know ain't so! **This is an Ecampus course. Tuition rates for Ecampus courses are different than on-campus courses and can be found at ecampus.oregonstate.edu/services/tuition. “What you're doing isn't self-defense. It's the exploitation of another species for your own benefit. My people decided a long time ago that that was unacceptable, even in the name of scientific progress.” Captain Kathryn Janeway, Starfleet. To this day, while we have the ability to clone animals (and therefore humans), the ethical and moral ramifications have tempered many scientific advances. The fictional universe of Star Trek often explores the nexus of advanced technologies and the resultant ethical considerations. This class will use episodes from the Star Trek universe, paired with real-life case studies to delve into the seen and unforeseen consequences of science and medicine. We will go where few have gone before, using Star Trek as a lens to understand the role of ethics in biological and clinical research. Engage! **This is an Ecampus course.
